The Personality taken in Michael Jordan.The Frequency(number of times) he has occured is 3163 out of which 1269 were from the NEWS section,this indicates that at the time when Michael Jordan was talked about,smartphones were not in demand and people still read the newspapers/TV news

The above hypothesis proves right because the time when he was most famous was from 1995-99.During this time smartphones were not launched and people still read a newspapers
